THE BROOKLYN MADE AN EXCELLENT RUN.

MANILA, Oct. 18.—Five hundred bolomen attacked a detachment of forty-six men of the Ninth Infantry at Bangajon, on the Gandara River, Island of Samar, today, killing ten and wounding six.

The remainder of the company arrived on the scene in time to prevent further slaughter and routed the enemy, killing over a hundred of them. It is believed that the enemy only retired for reinforcements.

As soon as the news was received at Cebu, General Smith was dispatched, General Smith going in person to the scene.

WASHINGTON, Oct. 18.—The following brief cablegram from General Chaffee reporting the fight of the Ninth Infantry in Samar Wednesday, was received at the War Department this afternoon:

"MANILA, Oct. 18.—Corbin, Adjutant-General, Washington: Forty-six men, Company E, Ninth Regiment, United States Infantry, under First Lieut. Geo. W. Wallace, in field, lower Candar, Samar, were attacked by 500 bolomen October 16. Our loss ten killed, six wounded. Names not received. Eighty-one of the enemy left dead on the field. Enemy beaten off."

(Signed) "CHAFFEE."

FEAR FOR SAFETY OF MISS STONE.

LONDON, Oct. 18.—The Globe this afternoon says it fears that the safety of Miss Ellen M. Stone is seriously compromised by the attitude of Consul-General Dickinson in refusing to pay the ransom and in demanding that Bulgaria arrest the leaders of the Macedonian Committee as the real authors of the missionary's abduction. The paper says the situation contains all the factors of a grave international complication and threatens to assume importance far beyond the personality of any individual missionary.

DID NOT REFER TO THE DEATH OF M'KINLEY.

VIENNA, Oct. 18.—The Arbeiter Zeitung today makes the remarkable statement that Count Goluchowski, the Imperial Minister of Foreign Affairs, is responsible for the President of the Chamber of Deputies not referring to the death of President McKinley on the re-assembling of Parliament, the contention being that although it is customary to refer to the deaths of foreign sovereigns, President McKinley being only an elected President, was not entitled to such a distinction.

HACKETT WILL RETIRE.

WASHINGTON, Oct. 18.—Frank W. Hackett, Assistant Secretary of the Navy, will retire shortly from that office. He will be succeeded by Judge Charles H. Dilling of Bennington, Vt., whom the President has decided to appoint when the vacancy shall occur.

WAR DEPARTMENT IS SHOCKED.

WASHINGTON, Oct. 18.—The War Department officials were somewhat dismayed at the press report of the new set-back on the island of Samar. They had no confirmation from official sources of the report, but this was true of the last affair of the kind which happened at Balangiga.

The Ninth Infantry which suffered there was the same organization engaged in the last fight, though in this case the company attacked is not known.

FORTUNE FOR EDNA HOPPER.

The inventory and appraisal of the estate of the late Mrs. Josephine Dunsmuir, mother of the well known actress, Edna Wallace Hopper, has been filed by Charles M. McGowan, J. Cal Ewing and C. A. Sessions.

The total valuation of the property is fixed at \$206,528.83. Of this Edna Wallace Hopper receives the major part, \$50,000 being left in trust for the decedent's son.

According to the report of the appraisers the home place near San Leandro is worth \$150,000, while there is \$2,023.20 in bank and personal property amounting to \$9,292.83, including a library valued at \$5,000.

The household furniture is valued at \$23,000. There is an electric pumping plant at the place valued at \$10,000. Then there are wagons, eleven head of horses and farming implements. Some of the personal property is segregated as follows: Piano, \$250; Crown piano, \$1,500; music and case, \$350; wearing apparel, \$250; pictures and engraving, \$500; silverware, \$500.

Accompanying the appraisers' inventory is the report by Charles H. Lovell, executor of the estate, of the sale of \$1,500 worth of fruit.

TRAGIC DEATH OF A RENO MAN.

SAN FRANCISCO, Oct. 18.—In a moment of mental distraction Charles Kuiser, Superintendent of the Reno Water and Electric Works at Reno, Nevada, leaped from a third story window and was dashed to death this morning.

The deceased was 70 years of age and came to his tragic end after a vain search for health.

Miss Harrison was born in the early morning hours today at the new residence of Mr. and Mrs. Harrison, on upper Fifth avenue, adjoining that of Ogden Mills. The new arrival is a granddaughter of Mrs. Burton Harrison, and through her is a descendant of the old and historic Cary and Fairfax families of Virginia.

Through her mother she is related to Mrs. Charles B. Alexander, who was the sister of Mrs. Francis Burton Harrison's father, to Mrs. Whitelaw Reid and George Crocker, and she will be an heiress to several millions.

WILL LOOK FOR GOLD OF PIRATES.

STOCKTON, Cal., Oct. 18.—W. H. Graham, a wealthy Philadelphia speculator, and one of the promoters of the Midland Railroad to connect San Francisco with the Coalinga oil fields, is about to fit out an expedition for the purpose of exploring the Costa Rican coast, for gold believed to have been buried there by pirates. He and Captain Geissler, who is the Governor of the island, are partners in the venture, and the Costa Rican government is also to get one-third of whatever treasure may be found.

McDougall. National Bank Examiner, has been appointed temporary receiver.

The bank's sworn report to the Comptroller of the Currency on September 30, 1901, showed its capital to be \$100,000; surplus and undivided profits \$108,112, and deposits \$42,215.

The Comptroller has no information as to the amount of the defalcation, if any.

C., and will order a court-martial to try Colonel Meade on charges of intoxication while on duty, of giving false testimony and of violating the regulations in failing to respond to charges preferred against him by Colonel Dennis and Lieutenant-Colonel Lauchheimer, U. S. M. C.

COMPELLED TO SWEAR ALLEGIANCE.

Notorious Fiske Warren is Allowed to Land in City of Manila.

MANILA, Oct. 18.—Fiske Warren, the first man to take the oath of allegiance required under the recent act of the Philippine Commission of all suspects wishing to land, has been closely identified with Sixto Lopez.

Many treasonable and inflammatory proclamations were found in his baggage. Regarding this, he said he held only one copy of each, having retained these as souvenirs. It is known also that he was intimate with the members of the Junta in Hongkong. He at first objected to taking the oath, saying that he was a loyal citizen, but he signed it when notified that on no other condition would he be allowed to land.

Some of his fellow passengers told Civil Governor Taft that Warren and Lopez shook hands and retired for consultation upon hearing of President McKinley's assassination.

Governor Taft considers the action of the Commission in requiring all suspects to swear allegiance perfectly justified.

DUEL IN WHICH BOTH MEN ESCAPED INJURY.

MILAN, Oct. 18.—A remarkable duel with sabres has taken place near Leghorn, between Lieutenant Reivera, of the Artillery, and Signor Ferrini. They fought seventy-two rounds and although actually slashing and thrusting at one another for an hour and forty minutes, they both escaped with slight cuts.

SPECIAL BOER REPRESENTATIVE.

WASHINGTON, Oct. 18.—General James R. O'Brien of New York, special Representative of the Boer Government in this country, called on President Roosevelt today.

He will, it is said, seek to go over the Boer situation informally with the Secretary of State in the hope that some steps may be taken on the part of the United States either by tender of good offices or by an expression of desire that hostilities cease, to bring about a settlement of the war in South Africa.

General O'Brien says his latest advice indicates that the Boers may be able to secure Delagoa Bay and make it a base of operations.

AS TO CLOTHING.

HERE is an epitaph in a Vermont churchyard: "I expected this but not so soon." Such is the epitaph on clothing worn out in the wash-tub. Underclothing may be fragile, yet it ought not to wear out in ten weeks. But this isn't wear; it is decay. You buy 5 cents worth of cheap soap and you lose the equivalent of 50 cents in the wash-tub. Ivory Soap will not harm the most delicate fabric. Is it wise not to use it?

MARRIED IN SPITE OF THE GUARDIAN'S PROTEST.

Miss Adelaide Wiedemann, daughter of the late Herman A. Wiedemann, millionaire sugar planter of Hawaii, and Alfred Brune of San Francisco were married yesterday by Rev. Father Kiley at West Oakland. The young people became husband and wife in opposition to the strenuous objections of both the guardian of Miss Wiedemann and the parents of the groom.

When seen last night at their apartments in the Touraine the young couple said they were glad they had taken the step in spite of the opposition of their families.

Said Mrs. Brune: "My guardian has objected all along to my engagement to Mr. Brune, and told me that I must break off the engagement or do away with his services as guardian. I chose the latter course and am glad of it."

Brune corroborated his bride's statement.

STANDARD POWER TO COME IN JANUARY.

The power of the Standard Electric Light Company was taken from the wires of that company in Redwood City last Wednesday night for the first time, and the fires of the local company, which is handling the current, were allowed to die out. All of the customers in San Mateo and Santa Clara counties of the Consolidated Light and Power Company were supplied with light and power from this source, and, so far as can be learned, the service is satisfactory.

J. A. Britton of the Oakland Gas, Light and Heat Company says he does not expect that the power of the same company will be introduced into this city until January of next year.

Charles Fella, the 10-year-old son of Mrs. Catherine Fella, residing at 699 Madison street, died last night at the Receiving Hospital. The child was crushed by a freight train.

FITZGERALD'S MAN TO BE TRIED.

Tim Newell, the Alleged Bribe Taker, to Appear Before the Council.

When the application of B. Solari for a liquor license came up before the City Council last night, it was voted down and an investigation demanded of the alleged bribery of ex-License Inspector Tim Newell. The desire for an investigation of the charges of bribery will be granted next Monday night, when the Council will meet and probe to the bottom the scandal which resulted in the undoing of License Inspector Newell.

The following is the vote on the motion to grant Solari his license: Ayes—Bishop, Doyer, Courtney, Wixson, Schaffer—5. Nays—Cuvellier, Dornin, Fitzgerald, Ruch, Wallace—5. Absent—Bon—1.

Doyer moved that the application be granted. The motion was seconded by Courtney.

Cuvellier was the first to protest against the granting of the application. He said:

"I don't believe I can vote for this resolution. If this man offered the License Inspector money, then he should be refused his license, for it is a very grave crime to attempt the bribery of a public official. A man who is so ignorant and blunt not to know he is committing a grave offense in offering a bribe is not a fit person to have a license, for there is a certain responsibility attached to even a saloon-keeper which requires some intelligence."

Fitzgerald—I have seen a signed statement by Solari, stating that he bribed the License Inspector. I do not need any further proof that he is not entitled to a license. When a man puts his signature to such a document as I saw it is enough to condemn him.

Courtney—I have read that statement of Solari, but I think the man who received the money is the man to blame.

Schaffer—I would suggest that the proper way to get the facts would be for Solari to appear before the Council. Doyer—We have had a week to investigate now, and I am satisfied that he is entitled to a license.

Wallace—I am satisfied that Solari bribed the Inspector. It is a case for the Grand Jury. I am satisfied they will take it up.

Doyer—I will change my vote and move to lay it over one week.

Fitzgerald—The motion is out of order.

Schaffer—It cannot be laid over. The motion was then put and lost by the vote given above.

Fitzgerald then suggested that ex-License Inspector Newell, Solari and L. Kraus, proprietor of the Anchor Brewery, be called as witnesses to give testimony before the Council next Monday night.

The motion was carried and President Schaffer notified the Clerk to inform the witnesses to be present at that time.

Unfrosted Minister Will Be Sent to the Agnews Insane Asylum.

After listening to the testimony of Drs. H. N. Rowell, F. W. Hatch and J. D. Loring, insanity experts in the case of Charles C. Adams, a jury yesterday afternoon in Judge Melvin's court found the ex-minister and slayer of Dr. Jessup mentally unsound, about ten minutes being consumed in deliberation.

The testimony of the experts was identical and to the effect that Adams was mentally unsound as a result of prolonged indulgence in alcoholic liquors.

Adams was ordered sent to Agnew's Insane Asylum.

AN OLD SOLDIER IS KILLED BY THE TRAIN.

James Gormley, an inmate of the Soldiers' Home at Yountville, was run down by the narrow gauge train at Twelfth and Webster streets early last night. He died from his injuries shortly after being removed to the Receiving Hospital.

He was crossing the track directly in front of the train when seen by Switchman D. Douglas, who is stationed at the intersection of the streets to prevent accidents. Gormley did not hear the shout of warning Douglas gave, but walked in front of the train. He was knocked down and badly mangled about the lower limbs.

The victims of the accident were partially dead. He was 69 years old. The coroner will hold an inquest.

Better Than Ever

We'd be disappointed if we couldn't truthfully say each season that our suits and overcoats are "better than ever;" it's a sign that we're keeping in front; each season a little better than last; getting new ideas, and improving on old ones; learning something every day, and putting it to use for our customers' benefit. This fall we say "better than ever" with unusual emphasis. The celebrated makers of men's fine clothing,

Hart-Schaffner & Marx

have surpassed their own record; a better lot of suits and overcoats was never produced than we show from this famous house. We shall be glad to show them to you, whether you come to buy, or merely to look; they are worth seeing, as well as buying. You're welcome to try on as many as you please; you'd better see them before looking elsewhere.

COUNCIL MEETS AS A COMMITTEE

Many Petitions and Protests Are
Filed with the City
Fathers.

The Council Committees met last night after the adjournment of the Council. During the meeting of the Auditing and Finance Committee, Chairman Wixson took occasion to censure Auditor Breed.

Two bills of the Contra Costa Water Company for water supplied to the Board of Health for the month of September, amounting to \$2.60 were held up by Auditor Breed and returned to the Council as rejected, after the Board of Public Works had approved them. Breed took the ground that as the city had no contract with the Contra Costa Water Company, he could not legally audit the claims. Councilman Wixson in administering his rebuke, said: "There is not a man, woman or child in the city of Oakland who is so foolish as to reject a claim that is so just and legal. No one but Auditor Breed would think of doing so or even have the nerve to do so in face of a matter that must present itself to one as a claim of common justice."

Without debate the Committee unanimously ordered the bills paid over the Auditor's objection.

BOARD OF EDUCATION.
The members of the Board of Education were present in the early part of the evening to present their claims to the Council, but after informally discussing the best means of obtaining money for the evening schools, Superintendent of Schools McClymonds announced that the Board was not ready yet with facts and figures to support their claims but would call upon the

Council at another time when they were ready to present their claims more fully.

HEALTH ORDINANCE.

Health Officer von Adelung appeared before the Ordinance and Judiciary Committee and spoke in favor of certain amendments to existing ordinances relative to reporting contagious diseases to the Health Officer.

Chicken-pox, tuberculosis accompanied by expectoration, typhus fever, yellow fever and scarlet fever were the diseases not covered by the existing ordinances and which were included by the amendments.

In speaking of the necessity of having chicken-pox reported, Dr. von Adelung said:

"The majority of physicians of this city have never seen a case of small-pox. They confound it with chicken-pox and often a case of small-pox is allowed to run, without being isolated, through this mistake, thus aiding greatly in the spreading of the contagion."

The other diseases mentioned, von Adelung said should be reported to the Health Officer so that the proper fumigation could be made either on the removal or death of the patient.

ANNEXED DISTRICT SEWER.

Three plans were mentioned in connection with the sewer in the annexed district, but after a very brief discussion it was agreed to lay the matter over for one week upon the suggestion of Councilman Schaffer. All the members of the Street Committee, before whom was a petition for the construction of a sewer for the annexed district, were agreed that immediate relief should be given to the residents, but no particular plan was brought forward.

A sewer which would carry off the rain water and prevent the sewage from running into the Lake seemed to be the most desirable, and less expensive than the sewer suggested by the plans of the City Engineer. The matter will come up at the next meeting of the Committee when the members will be better able to discuss the requirements of the district.

CHICKEN ORDINANCE.

The chicken ordinance introduced by Councilman Cuvelier, designed to prevent chickens running at large and scratching up gardens was recommended to the Council for passage by the Ordinance and Judiciary Committee. The amendments excepting certain districts were stricken out upon the strenuous protests of Councilman Wixson. The ordinance provides a fine of \$10 for the violation of its provisions.

A communication was received from Auditor A. H. Breed stating that City Attorney Johnson and himself had a conference as requested by the Council, and that they had come to the conclusion that money from past fiscal years could not be transferred into the present fiscal year without first paying the outstanding claims of past fiscal years.

City Attorney Johnson reported favorably upon the matter of the city purchasing the patent fire ladders of C. D. Hayes at a cost of \$250.

RESOLUTIONS.

Resolutions were disposed of as follows: Recommending the payment of two claims of \$45 and \$99 of the Piedmont Paving Company, and two claims of \$3.28 and \$98 of Hillhouse and Reedon. Adopted.

Recommending purchase of 500 feet of hose for fire department at a cost not exceeding \$300. Adopted. Transferring from certain funds to the general fund the following sums: Salary fund, \$3,249.44; street fund, \$23,918.78; fire fund, \$12,122.14; police fund, \$7,596.09; sewer fund, \$1,143.10;

park fund, \$2,309.50; street light fund, \$1,330.34. Laid over.

Ordering street work upon Market street, between Thirty-first and Thirty-third streets. Recommended.

Recommending contract for sewerage on East Twenty-first street to Michael Murphy on bid of \$274.39. Adopted.

Accepting offer of E. W. Morrison for land on which to build hospital for contagious diseases. Adopted.

ORDINANCES.

Authorizing Board of Public Works to advertise for bids for dredging slip and approaches at Webster street wharf. Laid over.

Restraining chickens from running about the streets. Recommended.

PROTESTS.
Communications and petitions were acted on as follows:

From Auditor Breed, stating that \$5,281.15 was available from back taxes and could be transferred to High School fund to pay teachers back salary.

Of Peralta Improvement Club to sewer annexed district. Filed.

From J. C. Nichols, to sewer Silver street from Weston street to Moss avenue. Recommended.

The following applications for liquor licenses were recommended:

White Man Turned Yellow.
Great consternation was felt by the friends of M. A. Hungary of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Osgood Bros., druggists, corner Seventh and Broadway.

NEEDED FORTIFICATIONS.

The administration is about to take steps for the better fortification of the port of San Francisco, a commission of military experts being detailed to proceed here and look over the proposed acquisition of land south of the Cliff House and in the Point Lobos district. This proceeding is the outcome of the agitation that was inaugurated when the Spanish war began, and when fears were entertained that the enemy's Pacific Squadron might start for San Francisco and reduce it before the necessary defenses could be secured. That it will be remembered, was the reason the famous instructions were sent to Dewey to hunt up the Spanish fleet and destroy or cripple it so that it would be unable to make a descent upon our shores.

That these outside fortifications are necessary is self-evident. It is true no hostile fleet could enter the Golden Gate and destroy San Francisco from the harbor front, for no ships of war in existence could pass the batteries with which the straits are flanked. From both sides of the Gate would come such a deluge of shot and shell that no vessel could survive, and even if it did it would be confronted by Alcatraz with its impregnable fort and terrible powers of destruction. So far so good, but supposing, instead of attempting to find a way through the Golden Gate an enemy should line up south of the Cliff House and discharge troops on the sandy flats that are so inviting for such a purpose. Our Line Point and Presidio fortifications would be powerless. Alcatraz would be equally silent, and as a matter of fact under the present conditions we would be at the mercy of a well-trained foe.

With the proposed fortifications, however, it will be another story. Below the Laguna de Merced, which includes the neck of land seen south of the Cliff House as far as the eye can reach, is a rocky coast with natural fortifications better than man could provide. If, therefore, the section in discussion is thoroughly equipped for fighting purposes, San Francisco, Oakland and the Bay District in general would be absolutely safe from maritime attack. At present it would be about the first place a foe would head for; fortified in the manner suggested, it would be the last.

There are no indications of any immediate or even future necessity for this protection, but an ounce of prevention is better than a pound of cure, and the expense entailed will be in the nature of well-invested insurance. In its determination to thoroughly protect the coast line of the nation, the government could not but see the extremely weak spot existing out here, and it is therefore going to give it the early attention it demands.

Petaluma is boasting of the fact that the California Northwestern Railway putting in a lot of spurs down-town. As Petaluma carries the proud distinction of being the egg-raising center of California and numbers more roosters than any other town in the State those spurs may indicate that some kind of light is anticipated there by the railroad in the near future.

Schley's enemies are probably feeling sorry that they brought the charges against him. Had the inquiry not taken place there might possibly have been some people who would have believed that he was in the wrong where as now it is made as plain as day that he did everything at Santiago a gallant American officer possibly could do.

The anti-imperialist league is going to disband. That's right. There never was any occasion for it and although it has taken its members a long time to discover the fact it is better to be late than never.

The Pan-American Exposition is said to have wound up with a big deficit. That showing it was making seems to have been but a flash in the pan.

PERSONAL AND SOCIAL NOTES OF INTEREST.

Miss May Anderson has returned home after several weeks spent out of town.

The ladies of the Eastern Star entertained a large number of guests at their chapter room last evening and a very pleasant time was enjoyed. A number of new members were initiated and several degrees conferred.

Miss Blanche Reynolds, a talented Oakland girl, is making a great hit in the South and East as a dramatic player. The young lady is a daughter of Richard Reynolds, one of the oldest engineers of the S. P. R. R. He brought the first Pullman train to the Pacific Coast. Miss Reynolds is a sister of L. B. Reynolds, leader of the orchestra at the Dewey Opera House.

WILL DROP THE FIVE POLICEMEN

Councilmen Preparing to Pursue Chase Hospital for Contagious Diseases.

At a meeting of the City Council last night there were present Councilmen Bishop, Boyer, Bon, Courtney, Cuvelier, Dornin, Fitzgerald, Ruch, Wallace, Wixson, and President Schaffer. Bon was the only absent member.

The ordinance authorizing the decrease of the number of officers employed in the Police Department by five was finally passed by the following vote: Ayes—Bishop, Boyer, Courtney, Cuvelier, Ruch, Wixson, Schaffer—7. Nays—Dornin, Fitzgerald, Wallace—3.

SECTION 1.

The ordinance reads as follows: An Ordinance Declaring the Necessity for and Authorizing a Decrease in the Police Force of the City of Oakland and Directing the Board of Police and Fire Commissioners to Decrease the said Police Force by Removing Therefrom Five Police Officers.

SECTION 2.

Because of the insufficiency of the public revenue to meet the current expenses of conducting the City Government, it is hereby declared to be necessary and the City Council hereby authorizes and directs the Board of Police and Fire Commissioners of the City of Oakland to decrease the Police Force of said city by removing therefrom five police officers.

An ordinance authorizing the purchase of a piece of land on which to erect a hospital for the proper care of contagious diseases was introduced, and under the suspension of the rules passed to print. The ordinance as read provides for the purchase of a lot 100 feet wide by one hundred and twenty feet long, on the southeast corner of Milbury and Spring avenues. The lot belongs to E. W. Morrison. The price designated in the ordinance is \$1,750.

There was only one dissenting vote among the members present, that of Wallace, who said he believed that the hospital was located in too widely populated a district and that the annoyance to the neighborhood would be too great.

FOR THE CHILDREN

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble. Thousands of people who are not sick, but are well and wish to keep well take

Stuart's Tablets after every meal to insure perfect digestion and avoid trouble. But it is not generally known that these Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crestley, 538 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say 'tablets' and she drops everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she wrote the notary public of Erie Co., N. Y., and made the following affidavit: "Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-month-old baby which was sick and gummy and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned Stuart's Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life."

Subscribed and sworn to before me this 22nd day of April, 1897.

HENRY KARRS, Notary Public in and for Erie Co., N. Y. For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablets in every box. Full sized boxes are sold by all druggists for 50 cents, and no parent should neglect the use of this safe remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

ance the pest-house would cause residents in that vicinity, constrained him to vote against the establishment of the hospital in the district named.

It is probable that the ordinance will be finally passed at the next meeting of the Council Monday night. The Committee in charge of the work experienced great difficulty in getting a land owner to sell his property, as the hospital would be detrimental to the raise in value of the surrounding property. The contemplated improvement is due to the agitation of the question by the Board of Health. When the Alta House, on the corner of Eighth and Washington was quarantined on account of a case of smallpox the lodgers were compelled to spend three weeks within the building. If the Council passes the ordinance at its next meeting, it is understood that the work in building the hospital will commence at once and relieve the city of its danger of having its prominent hotels and business houses put in quarantine.

Permitting was granted by resolution to use the Council Chambers on November 16th for the United States Civil Service examinations. The examination will take place between the hours of 10 and 5 o'clock.

A communication was received from Auditor Breed rejecting two claims of the Contra Costa Water Company for water supplied to the Board of Health during the month of September. The Auditor based his rejection on the ground that the city had no contract with the Contra Costa Water Company, and that he had no legal right to audit the bills. The communication was referred to the Auditing and Finance Committee and to the City Attorney for an opinion.

GOLD STREET SEWER.

Colonel A. C. Little arrived before the Council and protested against the sewer of Gold street between Thirty-eighth street and Sherman avenue. He said he was opposed to building a sewer 500 feet long to accommodate two people, when they could connect with others sewers temporarily at a cost far less than the proposed improvement. After a brief discussion the Council overruled the various protests and passed the resolution ordering the work done.

RESOLUTIONS.

Resolutions were disposed of as follows: Appropriating \$1,000 for reconstruction of the Boulevard. Street Committee. Adopted.

Appropriating \$400 for repairing, improving and extending fire alarm and police telegraph system. Auditing and Finance Committee.

Authorizing purchase of lot of land owned by E. W. Morrison, southeast corner of Milbury and Spring streets, having frontage of 100x120 feet, at a cost not to exceed \$1,750. Public Improvement Committee.

Granting use of Council chamber for United States Civil Service Board on November 16. Adopted.

Appropriating \$50 and directing Auditor to draw warrant for same for the police emergency fund. Auditing and Finance Committee.

Appropriating \$40 for substitute driveway during absence of Fireman Bradley and Reed. Auditing and Finance Committee.

PETITIONS AND PROTESTS.

Petitions and protests were acted on as follows: From William Belso & Co., requesting permission to sewer Spring street. Street Committee.

From J. H. Feige, requesting permission to sewer Fifth street between Harrison and Alice streets. Street Committee.

From S. C. Baldwin and others for electric light at corner of Twenty-fifth avenue and East Fourteenth street. Street Lighting Committee.

From John Lusk, requesting permission to lay a cement sidewalk on Sixteenth street between San Pablo avenue to Dunigan tract. Street Committee.

From Auditor Breed, rejecting two claims of the Contra Costa Water Company for water supplied to Board of Health. Auditing and Finance Committee and City Attorney for opinion.

Ordinances.

JOHN A. BRITTON WANTS OAKLAND ADVERTISED.

The Board of Trade held a meeting this morning, President Sol Kahn presiding.

The following merchants were elected to membership: Edward Lane, P. W. Kuss and A. E. Barrett.

The following motion was made by John A. Britton and unanimously carried:

RETROSPECT.

Eight years ago next week this great store opened its doors in a comparatively rural street which since has risen to be Oakland's main thoroughfare. At that time there existed in many minds a doubt—but never in our own, as to the success of our venture. PROSPECT.

ORDER SERVED ON COUNCILMEN

Restrained From Transferring Funds Until Case is Heard in Circuit Court.

As the members of the City Council filed into the Council Chambers last night, each was served with a copy of the restraining order issued by the United States Circuit Court restraining the Council from transferring any funds of the city, when such transfer would affect any of the money due the Contra Costa Water Company.

United States Deputy Marshall, George H. Durham made the service. All the members of the Council received the order except Bon who was absent. The order is a temporary restraining order and will be in force until December 2d when the various municipal officers will be cited to appear in the Circuit Court and show cause why the restraint should not be permanent.

The Water Company does not want the money transferred until the suits pending in the courts are decided.

TELEPHONE COMPANY RUNS MORE CABLES.

The Pacific States Telephone and Telegraph Company having found that its means of communication between San Francisco and this city are inadequate, is busily engaged in supplementing the same on a large scale with a view to giving its patrons the best possible service.

There are now thirty-three circuits in use between both cities and to these have been added a number of cables between San Francisco and Goat Island and fourteen more wires between Goat Island and this city. A cable is also being strung across Goat Island.

When these cables shall have been added to the complement now in force, the management says that it will be able to handle in a satisfactory manner all the business of its patrons.

E. M. LIPKA MAKES A STATEMENT OF CASE.

Editor Tribune: Kindly permit me to say in reply to the article published in THE TRIBUNE last evening concerning my wife and self that I most emphatically deny the statements made by the Rev. Friedlander, that I have not refused to contribute to my wife's support, and furthermore, that the Rev. Friedlander had no authority from my wife to act for her in the matter whatsoever. It is my wife's business to handle in a satisfactory manner all the business of its patrons.

MAYOR WILL SIGN THE NEW POLICE ORDINANCE.

Mayor Barstow stated this morning he would sign the ordinance decreasing the police force by five members, but just when he will attach his signature he does not know himself.

When asked why he would delay making the ordinance law the Mayor said:

"There is no use of making a law unless you know exactly what you are going to do under it. I will not sign the new ordinance until I know who are going to be dismissed."

When asked to state the names of the probable candidates for dismissal, the Mayor shook his head and said that he had so many friends on the force that he did not know whom would be chosen.

LIEUT. MITCHELL GOES FREE.

Cullen Mitchell, the ex-Lieutenant in the army and member of a distinguished Southern family, was released this morning in the Police Court, on his appearance to prosecute him on charge of having assaulted his wife with a silver pitcher and of threatening her life with a loaded pistol.

BEAT TINKER WITH IRON.

Charles Howard, a colored man, was held to answer before the Superior Court on a charge of assault with a deadly weapon. Bail was fixed in the sum of \$1,000.

Howard, it is alleged, beat Dominico Compagno, a tinker, over the head with a soldering iron without provocation.

FOOD CURE.

Results in Change of Diet Are Wonderful.

"Good food, properly selected, will, in my opinion, cure almost any ordinary disease. I want to tell you my experience and of my recovery by the selection of the proper diet. I am a business woman, very closely confined indoors, with considerable care and anxiety. Some time ago I had a severe case of the grippe, and after recovering from it, had a serious time following, as many people do.

"I was unable to get well until I changed my diet, leaving off Mocha and Java coffee and using the Postum Food Coffee in its place, and taking up Grape-Nuts breakfast food. This winter I have given both a fair and continued trial and the results are superb. I am restored to perfect health and strength, and, as you claim, I have a 'reserve force' bodily and mentally that carries me through many hard places.

"I cannot praise the food too much, for it will, if used steadily, cure all disturbances of the system caused by the congestions in the digestive tract. A dish that contains the most powerful re-building elements can be made as follows: Hot milk brought to a boil, break in two fresh eggs and season with a little cream or milk. Mrs. C. S. Woodward, 21 Grenada St., St. Augustine, Fla.

glove fitting

is a study. It is both a science and an art. Anybody can pull a glove over a hand. Few people can properly fit a glove. There is a great diversity in hands; rarely are two alike and experienced fitters must not only know about gloves but must also know a great deal about hands. There are four fingers and a thumb as well as a wrist to be considered in fitting gloves properly. The best glove can be spoiled by improper fitting and a delicate, shapely hand can be spoiled in appearance by a bad glove. These are some of the things thoroughly understood by our fitters.

PHOTOGRAPHER

MAY BE SUED.

Belle-Oudry in Trouble for Giving Out a Picture of Miss Irish.

There is trouble ahead for Belle-Oudry, the photographer. He is accused of betraying trust and he may have to answer in court. The people who have been photographed by him are excited over the episode.

There was considerable surprise yesterday morning when a picture of Colonel John P. Irish's daughter appeared in a San Francisco paper. The lady has given great help to many charities and good causes by organizing amateur theatricals, and her picture appeared in connection with one of these entertainments. As her own and her family's objections to such notoriety is well known, it was felt that some confidence had been betrayed in order to secure her photograph.

When Colonel Irish was seen in the matter he said that his attorney would have to decide whether there was any legal remedy against Belle-Oudry, the photographer who had furnished the picture, but that anyway all patrons of that photographer would understand the risk they run of his giving or selling their pictures without their consent to newspapers or to anyone for any purpose, no matter how distasteful to the original.

The above is the substance of an article that appeared in the San Francisco Call today.

BELLE-ODRY'S DENIAL.
Belle-Oudry said: "I swear that I never took Miss Irish's photograph. The charges made against me are false. They are printed simply to make trouble for me."

ROYAL STAGS ELECT THEIR OFFICERS.

The Royal Stags held their first meeting this season at their club rooms, last Wednesday.

Several changes were made. The society will meet every Wednesday evening instead of Sunday. The election of officers took place and the following were chosen for next term: President, Lee B. Gilpin; vice-president, Clifton Brooks; secretary, J. J. Stephens; treasurer, P. Smith.

After all business had been transacted, the members played whist, after which they enjoyed a fine lunch. Among those present were: Lee Gilpin, Clifton Brooks, J. J. Stephens, S. Smith, Ralph Leavy, Arthur Jackson, George Davis, Amalia Brunner and Edward Schmidt.

"Priest's Soda" is the best Mineral Water found in Napa county. Try it.

"MRS. BRIDGET O'BRIEN" LEAVES DEWEY SUNDAY.

At the Dewey Theater tonight "Mrs. Bridget O'Brien" will be produced again, and there is a certainty that there will be an immense audience. The play has been running all the week and each presentation has caused almost continuous peals of laughter. The play will remain on the boards until next Sunday night.

BASEBALL GAMES.

Even with the aid of Umpire Hardy, it took Sacramento eleven innings to win yesterday's ball game from "Pop" Lohman's men by a score of 2 to 1.

It was Harper's first appearance as an umpire in San Francisco. He made two close decisions, which practically gave the game to Sacramento. In the first he called Babbitt out in an attempt to steal third. In the ninth inning Moskiman lined out a three-bagger, but was called out for not touching the ball. The decision was a technical point at best, as he gained nothing even if he did not touch the bag.

Los Angeles won the first game of the series with San Francisco yesterday by a score of 5 to 4. For a time the Germans held the lead, but lost it in the eighth inning.

"Priest's Soda" is a natural mineral water from Napa county.

ALAMEDA.

ALAMEDA, Oct. 18.—The members of the U. D. C., a club composed of the members of the First M. E. Church of Alameda, will give a bachelorette evening and darky collection this evening, in the parlors of the church on Central avenue near Park street.

REFUSED THE CALL.

ALAMEDA, Oct. 18.—Rev. Mr. Knickerbocker of Los Angeles has refused a call to fill the pulpit of the First Unitarian Church of this city. He has preached here four times since the retirement of Rev. G. R. Dodson and made a favorable impression with the congregation. Mr. Knickerbocker gives business reasons for not accepting the local charge.

NEW COMPANY.

ALAMEDA, Oct. 18.—Whidden Hose Company of the volunteer department tendered its resignation to the foremen and engineers of the department, and at the same time the members, including the four original members and twenty new ones, presented an application to be received as a new company. They were given certificates, subject to the approval of the City Trustees. The old company had lost the required number of men and membership lapses.

SEEKS RECOVERY OF BOAT.

Alameda Alives reported to the police that his boat anchored at the foot of Franklin street had been stolen by unknown parties and that it was now tied at the California Boat Club's landing. He states that his boat has been stolen before. He wishes a search warrant to recover the boat.

INFORMAL RECEPTION.

There will be an informal reception at the Social Settlement at Third and Linden streets this afternoon, from 2 to 5, to meet Miss Goodhue, the new resident. All interested are cordially invited.

Uncrowned Queens.

In the original meaning of the word every woman was a queen, for the word queen meant woman. In monarchic countries the wife of the king became the queen—the woman. In America we give the word back its original meaning and every woman becomes a queen. The crown of womanhood is maternity. Every healthy woman looks forward to marriage. Every wife looks forward to motherhood as the crown of wifehood. And yet there are many uncrowned queens; women who because the desire for children is unrealized feel that they have missed the full regal height of womanhood.

It is one of the sad features of a large bureau of medical correspondence such

as conducted by Dr. Pierce, of Buffalo, N. Y., that it has to deal so many times with the disappointed hopes of women who have failed of the happiness of maternity. But it is one of the glad privileges of this same medical correspondence bureau that in the greater number of such cases, the obstacles to maternity are overcome by the establishment of the womanly health.

Not infrequently women write that they feel perfectly well and cannot understand why they are denied the maternal happiness which they desire. Such women learn that feeling well and being well are widely different matters. Few women are by nature debarred from the happiness of maternity. In the majority of cases Dr. Pierce's Favorite Prescription, supplemented by his free medical consultation by letter, are sufficient to establish the womanly health and remove the obstacles to maternity.

AN OPERATION AVOIDED.

"I had been a sufferer from uterine trouble for about three years, having two miscarriages in that time and the doctors that I consulted said that I would have to go through an operation before I could give birth to children," writes Mrs. Blanche E. Evans, of Parsons, Laverne Co., Pa., Box 41. "When able to give up in despair I saw the advertisement of Dr. Pierce's medicine in the Wilkes-Barre Record, and thought I would give it a trial as a last resort. I bought a bottle of Dr. Pierce's Favorite Prescription from the druggist, T. P. O'Donnell, of Parsons, and after taking it felt better than I had for years. It not only improved before I had taken one-half of the bottle. After I had taken four and a half bottles I gave birth to a bright baby girl, who is now four months old, and has not had a day of sickness. She is as bright as can be. I cannot say too much in praise of Dr. Pierce's Favorite Prescription. It is peculiarly and specifically a medicine

for the cure of diseases peculiar to women. It will cure any disease which is curable by the use of medicine, and often cures diseases pronounced incurable by local physicians, or which they state are curable only by surgery.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It is the best preparation for motherhood; tranquilizing the nerves, encouraging the appetite and inducing refreshing sleep. It makes the baby's advent practically painless.

"For five years my wife was in an almost helpless condition, suffering from female weakness," writes J. B. Everett, Esq., of Hagerman, Washington Co., Fla. "Last September I decided to try Dr. Pierce's Favorite Prescription. She took several bottles of the medicine and gave birth to a ten-pound son on January 31st, 1898. She is now sound and well and doing her housework."

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. C. Stephens, of Mila, Northumberland Co., Pa. "My first boy was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I ever did before. I unhesitatingly advise expectant mothers to use Favorite Prescription."

AN INVITATION TO WOMEN.

Sick women, especially those suffering from disease in chronic form, are invited to consult Doctor Pierce, by letter, free. All correspondence is held in sacred secrecy and womanly confidences are guarded by the same strict professional privacy observed by Dr. Pierce in his personal consultations with sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

In a little over thirty years, Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his staff of nearly a score of physicians has treated and cured hundreds of thousands of weak and sick women.

Dr. Pierce's offer of free consultation by letter is not to be confused with misleading advertisements of "free medical advice" made by those who have neither the professional qualifications nor the legal right to practice medicine. Anyone can give advice on any subject. But the "medical advice" of a person who has no medical knowledge must be worthless and may be dangerous.

In consulting Dr. Pierce, women are addressing a physician whose skill as a specialist in the treatment and cure of diseases peculiar to their sex has given him a national reputation. There is no similar offer of free medical advice which offers advantages equal to those offered by Dr. Pierce.

Accept no substitute for "Favorite Prescription." The only motive for such substitution is to enable the dealer to make the most of the money paid by the sale of less meritorious medicines.

A MEDICAL WORK FREE.

Dr. Pierce's Common Sense Medical Adviser, containing over one thousand large pages and more than seven hundred illustrations, several of them lithographed in colors, is sent free on receipt of stamps to pay expense of mailing only. This great medical work deals with subjects of vital interest to women. It treats of medicine, hygiene, and physiology; of the laws of reproduction and of biology in general. It teaches how to enjoy health and happiness in a long life. There is no charge for the book. Send 3¢ one-cent stamps (expense of mailing only), for the volume in cloth binding, or 2¢ stamps for the book in paper cover. Address Dr. R. V. Pierce, Buffalo, N. Y.
